THIS CATALOG IS ALSO AVAILABLE IN ELECTRONIC FORMAT
www.howardcore.com/ecatalog

Each section of this catalog is numbered separately (A1-A86, B1-B98, etc). We will update and add pages as necessary. Updates will be maintained on our e-catalog. This electronic version can be accessed at: http://www.howardcore.com/ecatalog

The table of contents below defines the overall catalog layout. There is also a table of contents at the beginning of each section.

Our 2026 Catalog is divided into two separate books. This book (Volume 1) contains Instruments, Cases, Bows, Strings, Accessories, and Fittings. Volume 2 contains Fittings (in both volumes), Wood, Finishing Products, Tools, Bow Parts, and Books.

Dear Friends and Partners,

As I introduce this 50th Anniversary Edition of the Howard Core Company catalog, I am humbled and deeply grateful. What began in 1976 as a small family operation has grown into a leading, specialized partner for violin-family dealers, luthiers, repairers, and restorers across the United States and beyond. This journey has only been possible because of you.

For five decades you have trusted us to stand behind the instruments, cases, bows and accessories that support your customers at every stage of their journey. You have allowed us into your shops and your schools, into the back rooms where repairs and setups happen, and into the conversations where you guide the next generation of string players. That trust is an honor we never take for granted.

Howard Core Company has always been, at its heart, a family business. I grew up around this company and this industry, and today I am privileged to work alongside a remarkable team - skilled luthiers, dedicated sales representatives, and devoted staff - who share a simple commitment: to help our customers succeed. Every instrument we import is carefully set up and play-tested in our U.S. based workshop, and every product we choose to carry is selected with your needs, and your reputation, in mind.

This 50-year milestone is not just a look back; it is a launching point. We see a very bright future for our industry and for the communities we serve. Orchestral strings continue to inspire new players, new programs, and new music. Our role is to support you with the breadth of products, depth of inventory, and level of expertise you require in an increasingly dynamic and demanding marketplace.

To that end, we are entering an exciting new chapter with our expansion into new, modern headquarters at 50 Opus Way. This new facility is just a 7-minute drive from our Symphony Way warehouses where we have been operating for the last 20 years. Combined, these two campuses allow us to work more efficiently, enhance our capabilities, and increase our robust inventories so that you can count on us when it matters most. At the same time, we are investing in technology and building deeper integrations with our systems, all to make it easier and faster for you to do business with us.

Through all this growth and change, one thing will remain constant: our belief that our success is measured by your success. We see ourselves as an extension of your shop, your showroom, and your stockroom. Whether you are a long-established violin shop, a full-line music store expanding your orchestral program, an online retailer serving players nationwide, an experienced luthier or one just starting out, our mission is to help you serve your customers with confidence.

On behalf of everyone at Howard Core Company, thank you for your trust, your feedback, your partnership, and for allowing us to grow alongside you over these past 50 years. We are excited about the many new products you will find in this new catalog, our new capabilities, and new ways to support you. Our love for orchestral strings elevates every product we carry and every customer experience. Your success is our passion, and it will always be an honor to serve you.

With sincere gratitude,

Alex Weidner

Alex Weidner

Our Success Is Measured By Your Success

Howard Core Company – 50th Anniversary Mission Statement

As we celebrate fifty years of service, Howard Core Company remains steadfast in our mission: to elevate the orchestral string community through quality, trust, and service.

Founded in 1976 and built across generations, our purpose is to support our customers in North America with the industry's most comprehensive selection of instruments, cases, bows, parts, and accessories - backed by the care of our dedicated team and a commitment to timely, reliable fulfillment.

We honor our past by looking to the future - expanding our U.S.-based workshop, strengthening our proprietary brands, stewarding valued partnerships with global makers and manufacturers, and investing in modern facilities and technology.

Above all, we exist to support and empower the people who trust us – simply put, you. With unwavering integrity and a deep admiration for the art of violin-family instruments, Howard Core Company strives to be the most dependable and enduring partner in the stringed-instrument industry—today and for generations to come.

Howard Core Company is committed to being a leader in our industry – for the past fifty years and into the future.

Our love for orchestral strings elevates every product we carry and every customer experience.

Your success is our passion – it is an honor to serve you!

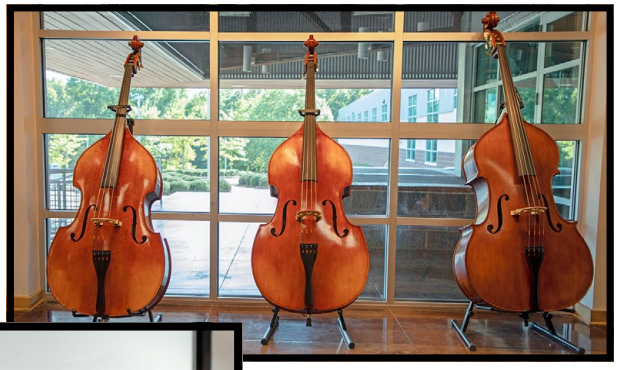

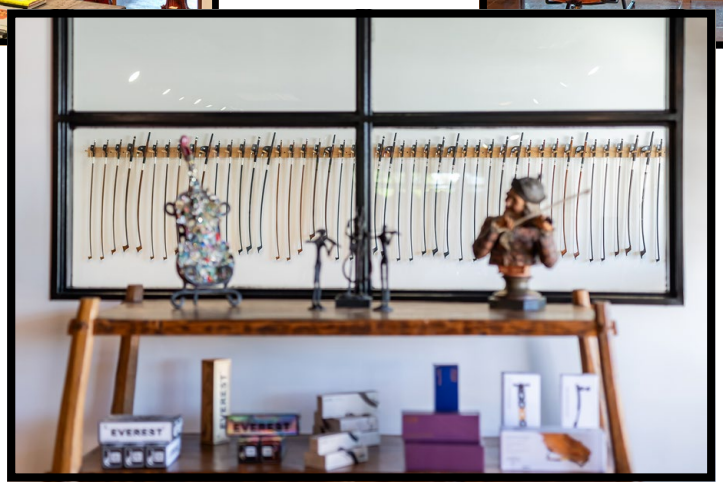

We welcome you to visit our new showroom and operations at 50 Opus Way. We are conveniently located in Anniston, AL between Atlanta, GA and Birmingham, AL

Adjoining our warehouses, our new showroom provides an overview of the extensive variety of instruments, cases and bows we offer. Please make an appointment and come play test and see these hundreds of items.

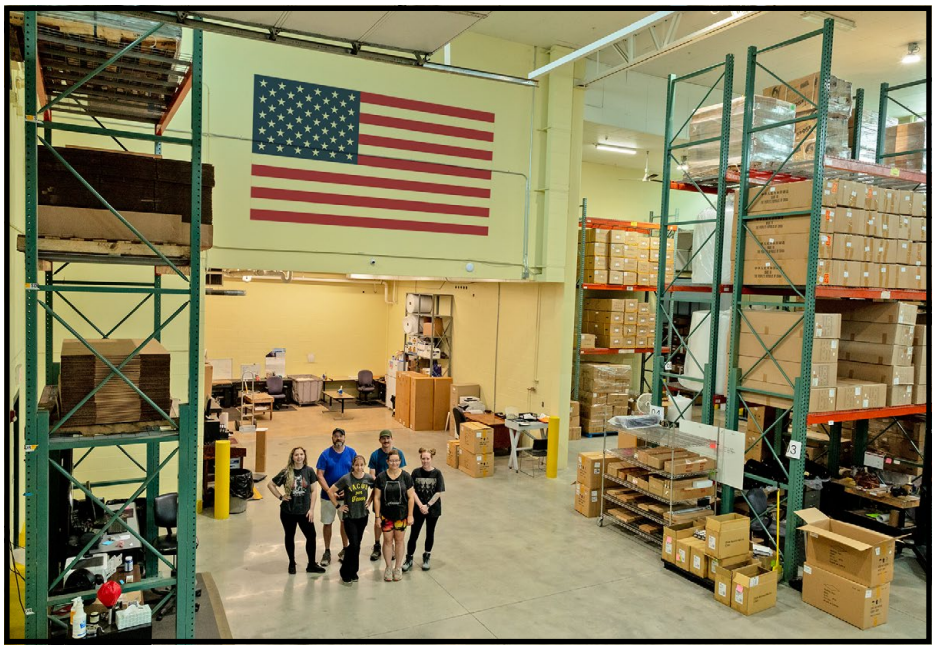

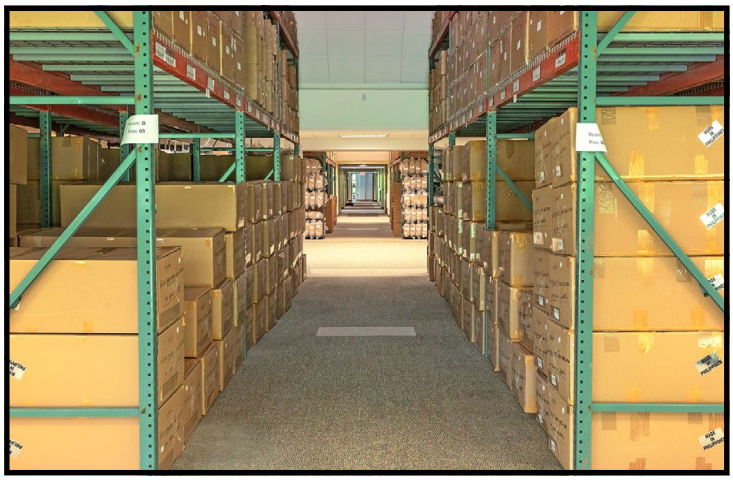

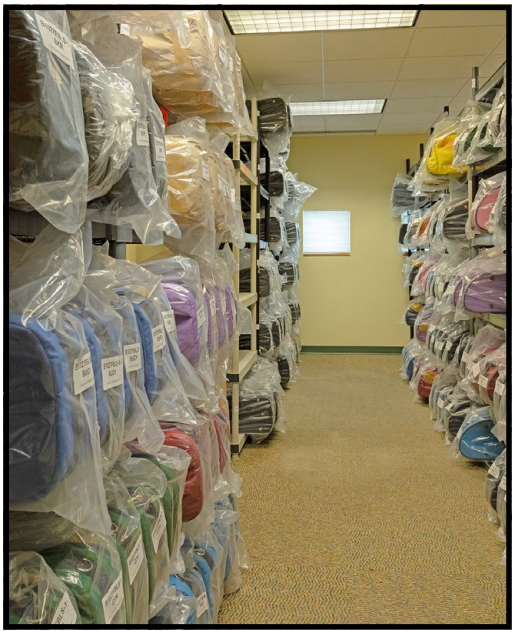

We have expanded our operations at Symphony Way to now include Opus Way. With warehouses on both campuses, we have the largest inventory of orchestral products in America and we are ready for your orders!!!

A NEW CHAPTER
FOR THE NEXT 50 YEARS!

- More Inventory -
- Greater Capability -
- The Same Commitment To You -

PURCHASE IN QUANTITIES AND SAVE THREE WAYS!!

1. **QUANTITY DISCOUNTS** - Throughout this catalog, you'll see symbols like the ones illustrated below indicating available discounts for purchasing in bulk quantities. These discounts will generally be indicated by a round yellow button with a red border:

2. **MOTOR FREIGHT** - Not only will you enjoy the *extra discount* on the item price, you'll also *save money on shipping* costs! These savings can really start to add up when ordering large items, such as instruments and cases, that can be palletized and sent motor freight.

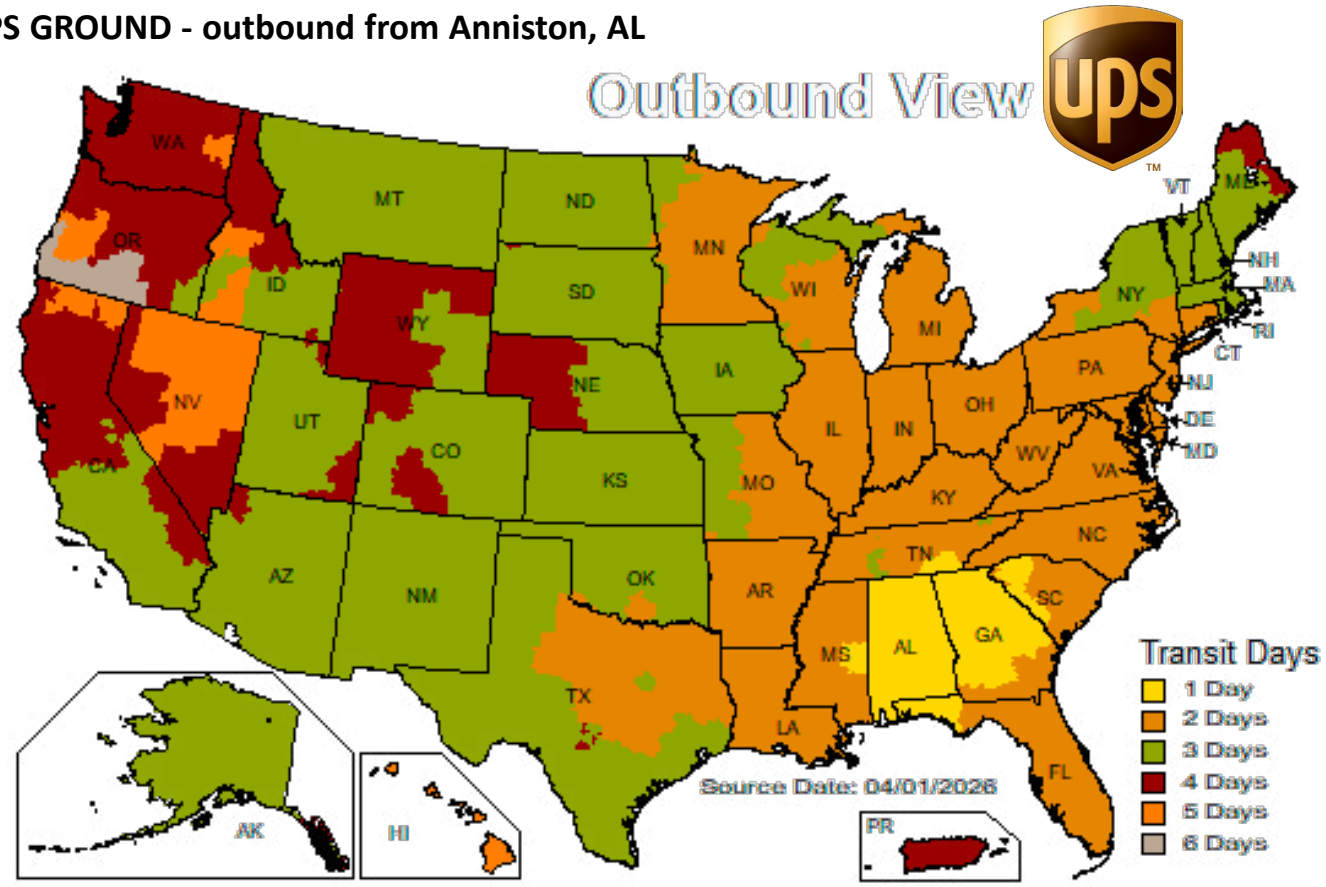

PALLET CHART

1 Pallet	=	60 violin outfits in CC397 or CC399 cases
1 Pallet	=	72 violin outfits in CC400S cases
1 Pallet	=	6 boxes of Bobelock violin cases (that's 48 - 60 cases)
1 Pallet	=	10 - 12 cellos
1 Pallet	=	2, 4, or 6 basses (we have three different pallet sizes)

3. **UPS HUNDREDWEIGHT SERVICE®** - Ideal for non-palletized, multiple-package shipments weighing between 100 - 500 lbs. Shipments in this weight range receive significant discounts. For example, we can ship 40 violin outfits to a location for $77.00, whereas it would cost $181.00 to ship only 30 outfits to the same location.

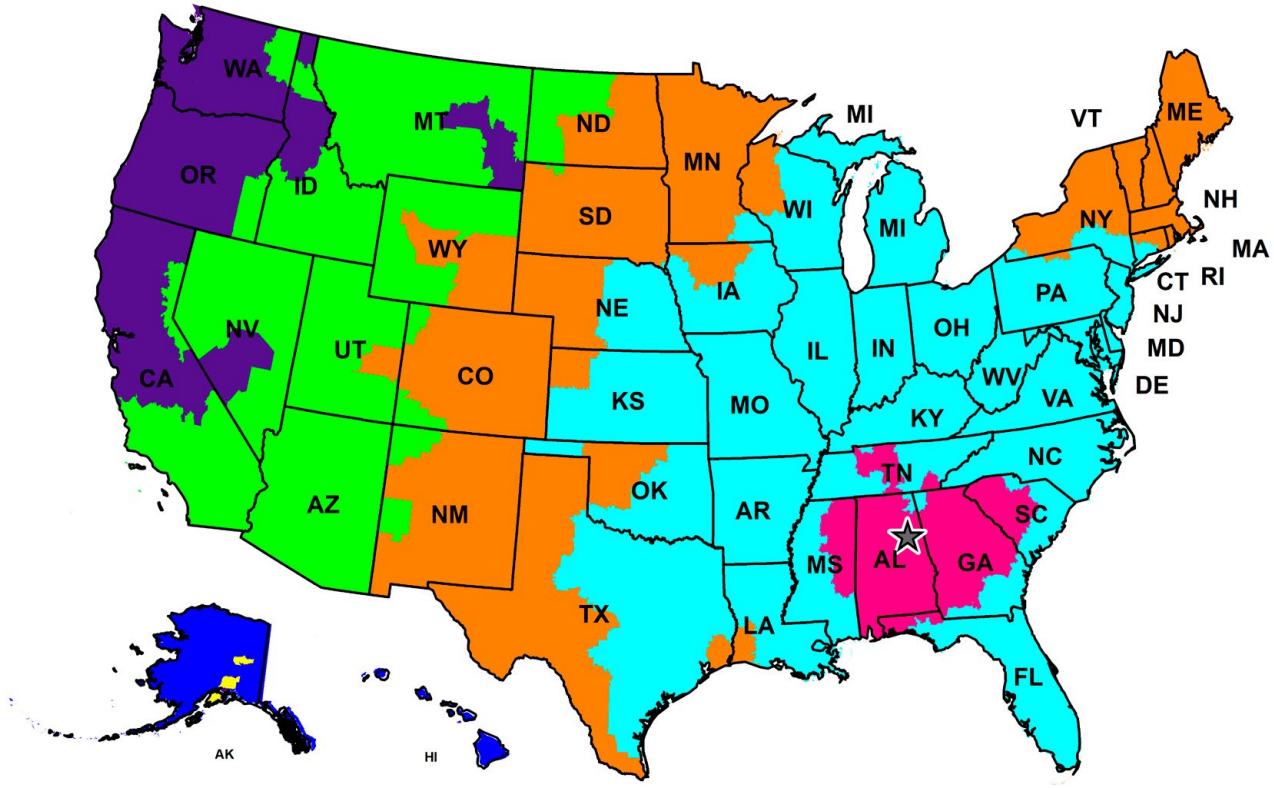

Large items or small, you'll generally incur lower per item shipping costs when ordering in bulk!

UPS GROUND - outbound from Anniston, AL

This map is a general representation of UPS Ground transit times. Exact times may vary.

FEDEX FREIGHT ECONOMY SERVICE - outbound from Anniston, AL

This map illustrates service schedules in business days as of February 2026 for FedEx Ground Shipments

RETURN POLICY & PROCEDURE

We take pride in your satisfaction with our products and with our service. We thoroughly inspect the items in your order and very carefully pack your shipment; however, if there is an issue please follow these guidelines:

INSPECT & REPORT WITHIN 2 DAYS

When you receive an order, please inspect the package and its contents immediately. If there is a discrepancy, or a damaged or defective item, you must call us at 800-633-2302 within 2 business days of receipt. If a return becomes necessary you must follow the RETURN PROCEDURE below.

DAMAGE

Shipments must be inspected while the driver is present. If you notice damage, it must be noted with the delivery driver's records – ask the driver to call his/her local terminal and ask for a damage claim number. The claim number, along with noting all damage, should be written on the delivery receipt BEFORE signing. If there is EXTENSIVE damage to the pallet and boxes, you can refuse the delivery. Email us photos of the damaged box and product to help ensure a successful claim with the shipper. When you call to inform us of the problem, we will make arrangements at that time for your replacement or credit. Do not discard the box or packing material. All claims must be made within 2 business days of receipt of the order. We cannot be responsible for damage done by shipping. If a return becomes necessary, follow the RETURN PROCEDURE below.

RETURN PROCEDURE

1. No returns will be accepted without our prior approval. Contact your sales representative at 800-633-2302 to obtain a Return Merchandise Authorization number (RMA#). We need to know what you are returning and the specific reason for the return in order to process a credit or exchange.
2. Fill out the Return Merchandise Authorization form (included in the shipment) in its entirety; this requires the RMA# we will provide you in step One. You must include the following paperwork with the returned item(s):
   - Copy of Packing Slip
   - Return Merchandise Authorization form

   IF WE RECEIVE A BOX WITHOUT THESE FORMS, YOUR CREDIT/EXCHANGE WILL BE DELAYED, AND A RE-STOCKING FEE MAY BE ASSESSED ON THOSE ITEMS.
3. Re-package the items safely and securely:
   - Bows need to be in as-delivered condition: clean, damage and wear free, free of rosin, and hair loose.
   - Instruments must be in as-delivered condition and packed with protection under the tailpiece and around the bridge.
   - All items must be in original packaging with item label/barcode.
   - We cannot accept items with modified packaging (cut open, zip ties cut, etc) that cannot be returned to as-delivered condition.
   - Items cannot be returned after being modified (peg shafts reduced, bridges cut, etc)
   - Include the copy of the Packing Slip and Return Merchandise Authorization form.
   - Clearly label or mark the outside of box with your company name and RMA #.
   - Insure the package for your net cost. Howard Core Company LLC will not be responsible for any return that is lost or damaged during transit.
   - HCC will assess shipping cost responsibilities based upon the reason for return. Contact your HCC representative to discuss.

30 DAY RETURN POLICY

We work hard to offer you the best quality products, but if you are dissatisfied with any of our products, you may return them within 30 days of purchase.

- You must follow the RETURN PROCEDURE listed above.
- All returned items must have been purchased from us, and returned to us in new, as-delivered condition.
- Examples of items that can NOT be returned: tools that have been used, books that clearly have been read and/or copied, bows or instruments that have been played extensively, and items held longer than 30 days. This list of examples is not comprehensive.

A REMINDER ABOUT DELIVERIES

The default shipping options from HCC do ***NOT*** require a signature upon delivery, which is an available, additional-cost option. Once the carrier marks a shipment delivered, the responsibility for the safety of the shipment falls to you, the recipient. Please carefully consider whether adding "signature required" is the best option to ensure your shipment's security. We can update your account to reflect your preference.

HOWARD CORE COMPANY ONE YEAR WARRANTY

Please read this in its entirety. The terms and conditions listed herein will govern all warranty claims for Howard Core Company instruments, cases and bows. These terms and conditions cover all instruments, bows and cases distributed by Howard Core Company. This document is the complete Howard Core Company warranty. There is no other or additional Howard Core Company warranty, express or implied. Specific terms and conditions apply to certain items, so please read this warranty in its entirety. Howard Core Company warrants its instruments, cases and bows to be free of defect in material and construction for a period of ONE YEAR from the date of purchase by an authorized dealer. Please see below for limitations and restrictions to this warranty. Howard Core Company will, at its option, repair or replace any item found to have been defective in materials or manufacture under the terms stated here. Howard Core Company shall be the sole arbiter of eligibility for warranty repair or replacement. Howard Core Company liability is limited to repair or replacement of defective items.

To be eligible for warranty coverage, the original purchaser (authorized dealer) of the item must make arrangements with Howard Core Company to return the defective item. Oxford Indemnity Insurance Company will make all necessary arrangements with Howard Core Company for repair or replacement. Howard Core Company reserves the right to make changes to this warranty. The policies in place at the time of purchase will be honored.

INSTRUMENTS:

The ONE YEAR warranty applies only to original purchaser of instrument and does not transfer at any time for any reason. Warranty does not cover strings, but does include bridge, pegs, chinrest, endpin/endbutton, tailpiece, and instrument body. Howard Core Company reserves the right to replace bridges, pegs, chinrests, endpins, and tailpieces with working like-kind if original part is out of stock. Damage caused by neglect, misuse or physical abuse of instrument is not covered. Please note that exposure to excessive heat, cold, dryness, or moisture is considered neglect. Warranty is void if there is any evidence of any repair or attempt at repair. Instrument adjustment is not covered by this warranty. Normal wear caused by normal use of items is not covered by this warranty. Please note that openings in instruments seams are common. The Howard Core Company warranty does not cover seam openings. To avoid seam openings or cracks caused by extremes or sudden changes in temperature or humidity,
please protect your instrument by maintaining humidity level between 45% to 65% and do not expose instrument to temperatures outside of the 60-85 degree Fahrenheit range.

BOWS:

The ONE YEAR warranty only applies to the original purchaser of bow and cannot be transferred at any time for any reason. Hair not covered by warranty, except for installation. Damage caused by neglect or misuse or physical abuse of bows is not covered. Damage caused by normal wear is not covered. Warranty is void if there is any evidence of any repair or attempt at repair of bow. Wooden bows react to changes in temperature and humidity. One common result of exposure to extremes of temperature or humidity is warping. Maintain a humidity level of 45%-65% and do not expose the bow to temperatures outside of the 60-85 degree Fahrenheit range. The Howard Core Company warranty does not cover bow warping. Please also note that bows left tight for long periods of time are likely to warp. To protect your bow from warping, always be sure to loosen it after playing and when storing it. The finish of these bows is not covered by the warranty.

CASES:

The ONE YEAR warranty only applies to the original purchaser of the case and may not be transferred at any time for any reason. Damage caused by either normal wear, or by misuse, neglect or physical abuse is not covered. Warranty is void if there is any evidence of any repair or attempt at repair of case. Howard Core Company warranty responsibilities and liabilities are limited to repair or replacement of defective cases for one year from the date of purchase. Damage to instruments, bows or other personal property being stored or transported in a Howard Core Company case is not covered by this or any other Howard Core Company warranty. Any instrument, case or bow damaged as a result of shipping is not covered by the Howard Core Company ONE YEAR warranty and is an issue to take up directly with delivery service.

ANY INSTRUMENT, CASE OR BOW DAMAGED AS A RESULT OF SHIPPING IS NOT COVERED BY THE HOWARD CORE COMPANY ONE YEAR WARRANTY AND IS AN ISSUE TO TAKE UP DIRECTLY WITH DELIVERY SERVICE.

HCC *EMAIL ADVANTAGE*

"OPT IN" for special perks:

✓ Email-only Promotions
Exclusive Access to Incredible Deals on New Arrivals & Limited Stock Items

✓ Shipment Notifications with Tracking Info
Keep your customers in the loop with the most up-to-date ETA

✓ Invoices and Statements --- Go Green!

1. *Streamline your inventory and accounting systems, don't wait for the mail*
2. *Help the environment by saving the resources and energy of mailing paper*

If you want to get the HCC EMAIL ADVANTAGE please email: GoGreen@howardcore.com with the subject "Opt In"

This catalog is intended to be for information only. It is not an offer to sell, nor an agreement or contract.

Howard Core Company is a wholesale and manufacturing company, selling to the trade only. If you are a teacher or player, please visit your local violin shop or music store as they depend on your patronage to stay in business. If your local programs are to survive and do well, local dealers are vital!

All prices shown are suggested and optional with dealer. Prices do not include shipping, handling, or insurance. All prices are F.O.B. Anniston, Alabama, unless otherwise specified.

Prices and specifications subject to change without notice. Do not quote firm prices without first calling us.

We are always obtaining new products as they become available. If you cannot find what you want in this catalog, please call.

We invite you to check our website www.howardcore.com over the coming months as we continue to make improvements with updated photography, product descriptions, and new functionality. If there is something specifically that you would like to see improved, please let us know: info@howardcore.com

www.howardcore.com

If you are a dealer, and do not yet have access to our Dealers Only site, please contact us for further information!

Access to our Dealer Site requires proof of retailer status.
